

The BHV (group of 4 musicians) played at a 50th birthday party held outside on a pub terrace. They were excellent and pitched the songs perfectly for the location and ambience of the event.

There was great communication beforehand, and on the night they took care of everything, knowing we would be busy with guests – they both set up with no fuss and packed up quickly and unobtrusively at the end of the evening.

Guests commented on how good they were, including one friend who is a saxophonist himself and plays in a band!

I would definitely recommend them.

We booked this band for a charity event. From first contact they were very positive and understanding of the type of evening we wanted, and they delivered exactly as promised. They play a lovely mix of music and are obviously very talented musicians. They offer a sophisticated repertoire of swing era music and we would highly recommend them for this type of occasion. They are also a very nice group of people.

Sooo good! We hired the talented Lazy River Band for a wedding at the Ethicurean restaurant just outside Bristol in October 2017. They created a perfect atmosphere for the wedding and were very pleasant to work with. Highly recommend!

Foot stomping, bum wiggling, jazzy goodness! Love this band, great energy, amazing musicians! They created an atmosphere of fun and frolics that made for an excellent night of dancing and good times, can't recommend them strongly enough, felt like travelling back to the roaring 20's!

I booked the Lazy River Band for a little do I put on earlier this year, they were very professional to deal with, covering all bases.

On the day they were punctual, smart and the music was absolutely perfect to create a classy atmosphere at my party.

Would 100% recommend them to others.

The Lazy River band we're very professional and organised. They were prompt and very punctual, well dressed and friendly. The music suited our event perfectly and got people dancing and smiling. Highly recommended!

Daniel Martin (Corporate Function) 10/10

Absolutely stellar! Highly recommended.

Joseph Fowler (Private Party) 10/10

The band really got people dancing. Great singer and excellent musicianship

Hearing you in New Orleans earlier this year was the premier musical treat we had during our week there. And yes, we bought you CD and hope to buy more and see you live again. If we are lucky, you will be in New Orleans this next March or we will be able to catch you in Bristol when we are in England next year. Your musicianship is superb and your lead singer is beyond amazing -- great New Orleans style swing. Thank you all.

What a fantastic band! I cannot praise them highly enough. They really made the party fly. Fantastic people, amazing vocals, fabulously talented musicians. They are all so full of energy and fun. They had everyone on their feet calling for more. They were very professional, great communication from when I booked them till when they left the venue. They made everything so easy. Everyone LOVED them from my teenage stepdaughter to my 80 year old Mum and everyone in between. I cannot thank you enough Lazy River Band, you brought the whole event together and left everyone with sore feet and huge smiles! Thank you!

I booked this wonderful band and they completely made our event! They were highly professional and really good communicators in the build up to the event. They also chose music which suited the feel of the event the whole time and got everyone dancing towards the end which will be a wonderful memory from our special day. Book them! They won't disappoint!

We booked Barrel House Vipers for a birthday party as we had a theme of glamorous and wanted music that would fit that theme. They were perfect and everyone kept asking us who they were! I expect we'll see them again soon as i've no doubts they'll be booked for other events by our friends now! They were brilliant musicians, polite and friendly and were very professional, setting up and packing down quickly and respectfully for what was going on during the party.
